**THREE CORE AREAS
OF ACTIVITY**

WEALTH MANAGEMENT,

OFFERING A PERSONALISED, COMPREHENSIVE
AND INDEPENDENT APPROACH

Mirabaud's primary sphere is wealth management, an area that requires the most specialised expertise so that each situation can be considered in all its complexity. Our goal: to design long-term individual solutions, integrating financial, family and professional considerations.

This comprehensive approach, based on an in-depth analysis of needs, allows us to build tailor-made portfolios and to offer high value-added investment advice along the lines of a family office. It also offers the possibility of considering broader questions such as wealth engineering, tax, succession and pension issues, always with the next generation in mind.

THREE CORE AREAS OF ACTIVITY

ASSET MANAGEMENT,

ACTIVE, HIGH CONVICTION,
SUSTAINABLE INVESTING ACROSS
FIXED INCOME, EQUITIES, PRIVATE ASSETS
AND MULTI-ASSETS

THREE CORE AREAS OF ACTIVITY

We aim to make a positive difference to people's futures by taking a principled approach to managing the assets our clients entrust to us.

Our investment experts are free to express their ideas, convictions and principles in the portfolios they manage. We believe that this is the solid foundation of a rewarding, active management philosophy. We champion an entrepreneurial, inclusive and collaborative culture, where our teams benefit from sharing research and investment ideas. Our integrated Socially Responsible Investment team is central to all decisions, advising on sustainability topics and supporting a comprehensive programme of company engagement.

CORPORATE FINANCE /

PROVIDING SERVICES FOR
ENTREPRENEURS, COMPANIES AND
INSTITUTIONAL INVESTORS

To help companies achieve their strategic goals, Mirabaud provides a broad range of corporate finance (mergers and acquisitions, capital development, debt and corporate strategy) and capital markets (equity and debt securities) services.

Operating at the heart of the markets, Mirabaud also provides institutional investors with independent, conviction-based research on niche equity market segments and state-of-the-art execution services. Mirabaud Compass, a specially developed screening tool, analyses millions of data points and allows users to evaluate over 18,000 stocks globally for valuation, quality and momentum.

OUR COMMITMENTS

CORPORATE SOCIAL RESPONSIBILITY /

Mirabaud's vision, mission and fundamental values constitute the common thread running through all the Group's activities. In addition to reflecting Mirabaud's culture since its founding in 1819, these elements are the source of the Group's corporate social responsibility (CSR) strategy.

Mirabaud is committed to a strategy of corporate responsibility that encompasses its clients, its employees and all other stakeholders.

The strategy is steered by an integrated CSR Committee on which three Managing Partners sit. It is based on four pillars:

1. Economic responsibility towards clients, the Group's economic partners and the economy at large;

2. Social responsibility towards all Mirabaud Group employees;

3. Environmental responsibility, which considers the use of natural resources and the protection of the environment;

4. Societal responsibility towards communities and society in general.

The quarterly meetings of the CSR Committee allow for follow-up of agreed actions and their impact, measured with key indicators and carefully analysed.

In concrete terms, Mirabaud's CSR efforts aim to contribute to the United Nations 2030 Sustainable Development Goals ("SDGs"). They focus specifically on the following 7 SDGs: decent work and economic growth; responsible consumption and production; good health and well-being; gender equality; climate action; life on land; sustainable cities and communities.

Mirabaud supports an 8th SDG: Peace (SDG #16).
At the end of 2021, Mirabaud and Interpeace - an international peacebuilding organisation - marked 10 years of partnership. Peace is essential for sustainable development and promotes stability, growth and prosperity in countries. Without peace, there can be no economic growth and without inclusive economic growth, there can be no lasting peace. Mirabaud allows its clients to direct part of their profits to Interpeace via a sharing fund, while the asset manager also contributes a portion of its fees.

RESPONSIBLE INVESTMENT,

Convinced that social and environmental factors as well as modes of governance have a direct and lasting impact on financial performance, Mirabaud integrates an ESG approach into its analysis and investment process in order to create value over the long term. A pioneer in this field, the Group signed the United Nations Principles for Responsible Investment (UNPRI) for sustainable growth in 2010 and has obtained the highest rating of A+ in all categories.

Nearly 90% of Mirabaud Asset Management funds are aligned with the standards of articles 8 (ESG - promoting environmental and social characteristics) and 9 (impact - contributing to an environmental or social objective) of the European Sustainable Finance Disclosure Regulation (SFDR).

In 2021, Mirabaud further strengthened its position in socially responsible investments (SRI) with the launch of a climate fund. Its Asset Management Climate Policy Project will be the focus of SRI efforts in 2022. The project will enable the bank to increase the climate resilience of its investments and contribute to financing the transition to a sustainable economy, in line with the Paris Agreement.

In addition, Mirabaud is expanding its private equity offering, believing that the direct involvement of this asset class in the real economy allows for a concrete and measurable impact on society through the integration of ESG criteria.

A PARTNER IN GREAT CHALLENGES /

BOL D'OR MIRABAUD

Over the years, Mirabaud has made a name for itself in sailing that mirrors perfectly the way the Group works: it has brought together talented people ready to meet challenges. Held for the first time in 1939, the Bol d'Or is the world's largest inland lake regatta. Mirabaud has sponsored this unmissable event since 2005, each year lining up crews that have won several times in their category. It is a unique occasion to get together with the very best in the world of sailing.

MIRABAUD BASELHEAD REGATTA

This annual regatta is one of the largest rowing eight competitions in the world. One hundred boats from 10 nations compete in a 6.4-kilometre race. The exceptional course takes them under three bridges in the heart of Basel and spectators can follow the races along the route. Mirabaud has been the event's main partner since 2019.

MIRABAUD YACHT RACING IMAGE

At the Yacht Racing Forum – an annual gathering of the main players in the international sailing arena – Mirabaud presents the Mirabaud Yacht Racing Image trophy. The prize is awarded to the best sailing photo of the year, and has been sponsored by Mirabaud since its inception.

OUR COMMITMENTS

CONTEMPORARY ART

Works of art bear beautiful witness to our history. By showcasing contemporary art next to pieces from centuries past, Mirabaud is building a bridge between tradition and modernity – the same notion that drives the long-term vision the Group pursues in its management activities. Mirabaud's contemporary art collection includes both young, up-and-coming artists and established talents. The collection is now available to a large audience thanks to its online catalogue: contemporary-art.mirabaud.com

As a committed member of the contemporary art community, Mirabaud is notably a partner of the Museum of Modern and Contemporary Art (MAMCO) and the Quartiers des Bains association in Geneva, the Geneva Lux festival and Zurich Art Weekend.
